Laboratory installation and training

Albanian Vocational Training Schools 2018

Albania, 01.10.2018

**CUSTOMER:**

Ministry of Finance & Economics - Albania

**SCHOOL:**

GJERGJ CANCO, TIRANA
VOCATIONAL TRAINING SCHOOL

POLYTECH, in cooperation with Power Industries, implemented a large scale project for "Supply of laboratory equipment for Vocational Education and Training schools" and upgraded the 13 major Vocational Education Schools with various modern laboratory equipment, trainers and simulators. The equipment were installed in schools in the territory of Tirana, Shkodra, Elbasan and Fieri. This project modernized the Vocational training infrastructures on nation wide scale.

Specifically, at the Vocational Training High School Gjergj Canco of Tirana has been successfully installed the below laboratory equipment:

INSTALLED EQUIPMENT

- ✓ Analogue and Digital component trainers
- ✓ Analogue and Digital Telecommunication Circuit trainers
- ✓ Trainer for Communication Protocols
- ✓ Network Technology Training Package
- ✓ Digital Communications Laboratory

Albanian Prime Ministers' **Edi Rama** visit to schools during the installation phase of the project.

We would like to thank the Albanian Government for selecting our equipment for the update of the Vocational Training Centers and our partners "Power Industries Ltd " in Tirana for their cooperation.
